## Our Mission:

Helping those in crisis by collaborating with the community to offer programs and services that transform lives through the love of Christ.

## Letter From Board of Directors President

During 2021, we continued to experience the effects of Covid. With families receiving an influx of funds from the American Rescue plan, demand for our services was down modestly from 2020. Thankfully, our donations remained strong and we are appreciative you have entrusted us to serve the neediest in our community.

In addition to serving approximately 20,732 individuals served and distributing over \$1.2M in aid, much more was accomplished:

- We paid off our mortgage and funded a building reserve for expansion
- To better track outcomes and meet the needs of our clients, we updated our hardware and software systems and overhauled our website
- To guide our growth over the next 3-5 years, we updated our strategic plan
- We strengthened our Human Resources with the addition of a new Controller, Director of Community Development and improved employee programs

In 2022, we are thrilled to expand NCM's space in our building by adding walk-in refrigerated and freezer units to offer healthier food choices to our clients and start a reclaimed fresh food program from area restaurants and groceries. We will also expand our meeting space for client programs and add more warehouse space to host larger volunteer groups. With rising rents, inflation and the end of the eviction moratorium and other federal support programs, we are experiencing a client surge as keeping families housed becomes an increasing challenge. Thank you for being a difference maker through your continued support of NCM.

With Appreciation,

Elizabeth Gross

NCM Board Chairperson
